☎ (+216) 23 494 821

📍 Sousse

Network and Cybersecurity Engineer with hands-on experience in network infrastructure, security auditing, SIEM deployment, firewall administration, and vulnerability management. Skilled in routing, switching, VPNs, VLANs, and enterprise security solutions including Fortinet and Cisco. Passionate about solving technical challenges, continuous learning, and delivering secure and reliable IT infrastructures.

ACADEMIC BACKGROUND

Baccalaureate degree	2021
Lyceé Ali Bourguiba, Benbla, Monastir	
Preparatory Cycle	2021 - 2023
EPI Digital School, Sousse	
Cyber Security Engineering	2023 - 2026
EPI Digital School, Sousse	

EXPERIENCE

INTERNSHIPS

IRESA	Feb. 2026 – May 2026 (4 months)
- Conducted a comprehensive security audit of IRESA's information system based on ISO/IEC 27001:2022 requirements. - Performed risk assessment, compliance evaluation, and gap analysis, identifying security weaknesses and recommending corrective actions. - Developed security policies, a risk treatment plan, and a prioritized remediation roadmap to improve the organization's security posture. - Designed and implemented an n8n automation workflow integrated with AI to automate vulnerability assessment reporting and streamline security audit processes. - Prepared the final audit report, documenting findings, recommendations, and compliance improvements..	
IRESA — Intern – FortiSIEM Deployment	Jul. – Aug. 2025
- Deployed and configured FortiSIEM within IRESA's network infrastructure. - Integrated network devices and servers using Syslog and SNMP. - Configured collectors, event normalization, and security monitoring dashboards.	
EPI Digital School — Project – Secure Network Architecture	Apr. – May 2025
- Designed and implemented a secure enterprise network using FortiGate firewall and Snort IDS/IPS. - Configured VLAN segmentation, firewall policies, VPN connectivity, and intrusion prevention. - Performed vulnerability assessments using Nmap, OpenVAS, and Nikto.	
LYS TRADE — Web Developer Intern	Oct. 2024
- Design and development of a professional website. 2D advertising materials design and social media management.	
Tunisie Telecom — Network Intern	Jun. 2024
- Participation in telecom network installation and maintenance. • - Technical troubleshooting to improve service quality	

TECHNICAL SKILLS

- Security and SOC
- FortiSIEM / SIEM platforms
- Firewalls: Fortinet, Cisco ASA, Palo Alto
- IDS/IPS: Snort, Suricata
- WAF (Web Application Firewall) Audit and Compliance
- ISO 27001 / ISMS • Risk analysis and Gap Analysis
- EBIOS Risk Manager
- Security policies Pentest & Tools
- Kali Linux • Nmap, Nikto, OpenVAS
- Metasploit (basics) • Burp Suite (basics) Networks
- Cisco (routing, switching) • VLAN, VPN, PKI Dev & OS • Python, HTML/CSS, JS • Linux, Windows Server

CERTIFICATIONS

- Fortinet Certified Associate in Cybersecurity (FCA)
- Fortinet Certified Fundamentals in Cybersecurity (FCF)
- CCNA: Introduction to Networks
- CCNA: Switching, Routing, and Wireless Essentials
- Ethical Hacker (Cisco)
- Introduction to Cybersecurity (Cisco)
- Introduction to transformer-based Natural Language Processing
- Cybersecurity Fundamentals (IBM skills Build)
- Cybersecurity Fundamentals with Capstone Project (IBM skills Build)

PROJECTS

- **PKI Infrastructure** — Deployment of a public key infrastructure for cryptographic solutions.
- **Restaurant Website** — Interactive site with online menu, reservations, and user-friendly interface.
- **PFE Management Platform** — Web platform to manage graduation projects with submission tracking.
